INTRODUCING THE PERFECT PAIRING...

DTD'S UNPARALLELED CREATIVE PRODUCT INSPIRATIONS

Dress The Drink™ (DTD)

is all about pairing culinary and mixology.
From signature cocktail creations to the
whole dining experience.

A manufacturer of proprietary artisanal,
hand crafted, all natural, non-wasteful
garnishes and blends.

DTD uses color, flavors, textures, infusions,
and the mastering of blends that bring
together the true art of culinary and
mixology pairings.

DTD'S UNPARALLELED CREATIVE PRODUCT INFORMATION

Keep in mind that 90% of our products are custom created and are not showcased in this sample ideation pairing deck.

Once we have the recipes and vesselware assignment we then create a blend and garnish pairing that is not only visual appealing but is showcasing the flavor profile of the cocktail. We ask that you give us 7 business day from pairing request to ship product.

Not seeing something in the sample deck?
Just call and we will make it happen!
